

MARINE FC-W 10W-30

Speziell entwickeltes Motorenöl für 4-Takt-Aussenbordmotoren.
Premium engine oil designed for Outboard 4-Cycle engines.
Premium motorno ulje namijenjeno za Vanbrodske 4-taktne motore.

MARINE FC-W 10W-30

Speziell für die neue Generation von Aussenbordmotoren entwickeltes Viertaktmotorenöl. Die neuzeitliche Additivtechnologie schützt den Motor vor Korrosion und Verschleiss und bietet optimale Schmiereigenschaften bei allen Betriebsbedingungen.

MARINE FC-W 10W-30

Specially developed engine oil designed for today's high performance 4-cycle outboard engines. The new additive technology provides outstanding protection against rust and corrosion and optimal lubrication under the demanding operating conditions.

MARINE FC-W 10W-30

Posebno razvijeno motorno ulje dizajnirano za današnje visoke performanse 4-taktnih vanbrodskih motora. Nova tehnologija aditiva pruža izvanrednu zaštitu od korozije i optimalno podmazivanje u zahtjevnim uvjetima rada.

DE Eigenschaften und Vorteile

- hervorragender Schutz gegen Rost und Korrosion (Salz- und Süßwasserbetrieb)
- erhöhte Scherstabilität für besseren Motorschutz auch unter extremen Einsatzbedingungen
- exzellenter Schutz vor Verschleiss
- absolut saubere Motoren und Ventile
- erfüllt und übertrifft die hohen Anforderungen der Norm NMMA* FC-W

Einsatzmöglichkeiten

Für den Einsatz in 4-Takt Aussenbordmotoren verschiedener Hersteller wie Bombardier, Evinrude, Honda, Johnson, Mercury Marine, Sea-Doo, Suzuki, Yamaha und weiteren, wo ein Motorenöl nach API SL und/oder NMMA* FC-W vorgeschrieben ist.

EN Benefits

- excellent rust and corrosion protection in both salt and fresh water environments
- superior shear stability even under severe high load and high speed conditions
- excellent anti-wear protection
- protects against piston deposits and ring sticking
- meets or exceeds the newest high level requirements of NMMA* FC-W

Recommended applications

Marine FC-W 10W-30 is recommended for use in all 4-cycle outboard engines of different engine manufacturers including Bombardier, Evinrude, Honda, Johnson, Mercury Marine, Sea-Doo, Suzuki, Yamaha and others where API SL and/or NMMA* FC-W oils are required.

HR Prednosti

- izvršna zaštita od hrđe i korozije u slanim i slatkovodnim okruženjima
- mehanička stabilnost čak i pod teškim opterećenjima i visokim brzinama
- izvršna zaštita protiv trošenja
- štiti klipove od mulja i zaprljanja prstena
- zadovoljava ili premašuje najnovije zahtjeve visoke razine NMMA* FC-W

Applications

Marine FC-W 10W-30 Preporuča se za uporabu u svim 4-taktni vanbrodskim motorima različitih proizvođača motora, uključujući: Bombardier, Evinrude, Honda, Johnson, Mercury Marine, Sea-Doo, Suzuki, Yamaha i drugi gdje se traži API SL i /ili NMMA* FC-W specifikacija.

	Packungseinheiten	Packaging	Pakiranje
	1/1 Fass zu 180 kg (ca. 207 L)	Drum of 180 kg (ca. 207 L)	Bačva od 180 kg (ca. 207 L)
	Karton zu 12 Flaschen (12 x 1 L)	Case of 12 bottles (12 x 1 L)	Karton od 12 boca (12 x 1 L)
